

Attendance Policy

Attendance is probably the single most important discipline we ask of our membership. Quality attendance is also very critical to the success of P.N.G.

The results are simple:

- Come once a month for an hour ON TIME
- If you can not make the meeting call in advance and make arrangements to have someone from your business or organization attend in your place.
- A no call, no show, on more than one consecutive occasion will be grounds for dismissal. As decided by a 2/3 majority vote of the active memberships. This 2/3 vote would include any care by case medical related reason.
- New memberships will be decided after attending 3 consecutive meetings. A unanimous vote will be necessary.
