

PNG Basic Guide Lines and our Policy

To continue positive growth of our organization and ensure that the time we spend together will generate the most efficient desired results (team work in building a highly effective reciprocal referral network.) We will need just a few basic guidelines, simple enough for everyone to understand, brief and clear.

We promise to take an active role in supporting other memberships business by sending referrals.

We commit to diligently follow up on all received referrals.

We commit to attend our meetings consistently to learn about the products and services offered by our associate memberships.

We will consistently meet on time once a month for 1 hour to 1-1/2 hours on a pre-determined schedule and at a pre determined location.
